CONTACT PERSON: Mary Yelton

PURPOSE: Clay County received a four-year Community Alliances to Promote Education (CAPE) grant from Lilly Endowment, Inc., in December 2001 for a community literacy project. The project's mission is to improve reading skills, communication skills and employment opportunities which will give every citizen the chance to better their lives and realize their full potential. The vision is to strengthen existing programs. The grant provides funds for an alternative school, adult education classes, preschool classes, preschool classes, a distance learning lab, and library and preschool services in the southern part of the county. Funds are also available for childcare provider and teacher trainings, literacy promotions, early childhood screenings, higher education grants and coordination of countywide literacy services.

CONTACT PERSON: Monica Wallace

PURPOSE: Even Start is an exciting program that includes parents who want to achieve a GED, high school diploma, and enhance their math and reading skills. The program includes early childhood education with a structured environment for children ages six weeks to seven years old. The participating parents have to be withdrawn from high school, have a child(ren) seven years of age or below, be involved in all the required parts [adult education, early childhood, parents education, PACT (Parent and Child Together Time), and home visits] of the program, and have to commit to putting forth the effort of bettering themselves as well as their family.
